I believe that one of the tenants in 408 W. 129th St. gave some unknown individuals who hang out in St. Nicholas Park (129th St + St. Nicholas Terrace) a key to the exterior door. The park is a known narcotic prone location to all the tenants and residents in the neighborhood in addition to the Police from the local Precinct (216 Pct.). In addition I have removed stuffed paper from the door jamb that will not allow the door to lock securely. I believe that the individuals who enter into 408 W. 129th St. illegally concentrate on this building rather than 412 W. 129th St. because my apartment windows are on the 1st level and face out into the lobby entrance of 412 W. 129th St. This is the first major incident that I am aware of that occurred in 408 W. 129th or 412 W. 129th.

This statement is truthful and to the best of my recollection.
