Madeline Bryer, Esq.
60 East 42nd Street, Suite 1158
New York, New York 10165

Re: Jana Leo

Dear Ms. Bryer:

As per your request, photographs were taken on October 11, 2006 of the location of your client's assault at the premises of 408 and 412 West 129th Street, New York, New York. Photographs were taken of the entrance to both 408 and 412 in addition to garbage entrances which were gated and closed.

122 I gained access to the building by following a tenant into the entrance to 412 West 129th Street. The back door in the lobby was completely ajar and I was able to enter into the back courtyard connecting 412 to 408. I took photographs of the courtyard area and then proceeded to the rear courtyard entrance/exit for the premises of 408 West 129th Street. I was able to maneuver through the courtyard to take photographs of the garbage holding areas for both buildings. As requested, I took photographs from across the street showing the north-facing facade of both buildings.

Enclosed please find a total of eighty-five color 5x7 enlargements depicting all the photographs taken. Please note that the enclosed enlargements have been labeled on the reverse side with their respective image numbers. Should you require any reprints or enlargements, please refer to these numbers. Also enclosed is invoice number 109233 reflecting the above services.

Very truly yours,

John AFRIDES
